3Di Engage

RENTAL INSPECTION SAFETY & ENFORCEMENT (RISE)

Acheive compliance with the leader in rental property inspection solutions

DEPLOY YOUR PROACTIVE RENTAL INSPECTION PROGRAM WITH SUCCESS

Maintaining safe and sanitary rental housing is more important than ever. Your community thrives when substandard properties are addressed and renters are assured they live in conditions that meet life safety codes and standards. 3Di created RISE by partnering with housing leaders having inspected millions of rental units using our systematic code enforcement inspection digital processes.

THE 3Di ADVANTAGE

3Di RISE is a highly automated systematic solution for managing your proactive rental housing inspection program. It has proven to be the most efficient way for housing leaders to achieve success and accomplish their goals

At 3Di, we partner with you to implement the right technology that is cost-effective, engages the public and obtains compliance.

The RISE solution is part of the 3Di Engage for Housing offering for rental housing management programs. Rental Registry, Rent Stabilization and Eviction Management solutions are designed to all work together with RISE to help you manage all your housing programs in a seamless efficient environment.

At the core of this great technology is the 3Di Engage Platform. This low-code, secure foundation provides all the features necessary to support solutions for affordable housing, fire prevention, and community engagement.

3Di RISE SOLUTION

3Di RISE inspection solution's automated processes help you manage your entire rental property inventory, owner contacts, inspections, documents, reports, while achieving full cost recovery.

All stakeholders can benefit from RISE. Managers get results when they have the tools they need to implement and manage with real time data.

Inspectors are equipped with the latest integrated, mobile technology to inspect all buildings, rental units, and common areas of rental properties.

Tenants also benefit with access to important information about their property and inspection program by accessing the online 3Di RISE community portal.

Property owner's can reduce exposure to liability and penalities and make compliance easier for all stakeholders with automated interactions via document sharing, online payments and inspection scheduling.

Now managing your periodic rental housing inspection processes, property inventory, scheduling, code books, documents, reports and cost recovery just got easier.
